James R.

JAMES by the

Grace of God, King of  
Great Brittain, France  
and Ireland, defender  
of the Faith, &c. To  
the Treasurer and Ba-  
rons of our Exche-  
quer, and to all our  
Customers, Collectors  
of Customes and Sub-  
sidies, Comptrollers,  
and Surueyors, Sear-  
chers, Waiters, Offi-  
cers and Ministers, in any our Port, Hauen, or Creeke with-  
in this our Realme of *England* for the time being, and to  
euery of them: And to all other our louing Subjects, Greeting.  
Whereas, by an Act of Parliament made in the first  
yeere of our Raigne, there is amongst other things granted  
vnto vs a Subsidie called Poundage, that is to say, of all  
manner of goods and Marchandizes, of euery Marchant,  
Denizon, and Alien whatsoeuer he be, carried or to be car-  
ried out of this our Realme of *England*, or brought, or to be  
brought into the same, by way of Marchandize of the value  
of euery twentie shillings of the same goods and Marchan-  
dizes twelue pence, and so after the rate, except all manner  
of woollen cloth made or wrought, or that shall be made or  
wrought within this our Realme, or by euery or any Mar-  
chant,

chantz, Denizon, and not boine Alien, carried or to be  
 carried out of this our said Realme. And all manner of  
 woollens, wooll felles, and hides, and backes of leather, also  
 carried or to be carried out of this our Realme. And all  
 Wines, and all manner of fresh fish, and Bestiall coming,  
 or that is, or shall come into this our Realme: as in the same  
 Act amongst other things at large is contained. And where-  
 as our late deare Sister Queene MARY, hauing the like  
 Poundage or Subsidie graunted vnto her by a Statute made  
 in the first yeere of her Raigne, and considering that the  
 same Poundage or Subsidie was graunted vnto her for the  
 defence of her Realme, and the safeguard of her Seas for in-  
 tereburle of Marchandizes safely to come in, and passe out  
 of the same. And therefore thinking it expedient that she  
 should be duly answered thereof, towards the mainte-  
 nance of her said charges, did therefore cause the prices and  
 values of diuers goods and Marchandizes liable to the pai-  
 ment of the said Subsidie or Poundage, to be inquired and  
 examined, and did after cause the said goods and Marchan-  
 dizes, with their values and prices to be entred and expres-  
 sed in a Booke, sealed with the great Seale of England, and  
 Signed with the hand of our said Sister, and remaining in  
 our Court of Exchequer. According to which Booke, the  
 prices and values of Marchandizes, brought into this  
 Realme, and carried forth of the same, haue thence the  
 making of the said Booke been taken and effected, and the  
 Poundage or Subsidie thereof paid and answered vnto our  
 said deare Sister Queene MARY, and to our late deare Si-  
 ster Queene ELIZABETH, and to vs accordingly. And  
 whereas we are credibly giuen to vnderstand, that diuers of  
 the Goods, Wares, Marchandizes and Commodities va-  
 lued and priced in the said Booke, are therein valued and  
 priced at vnder values to our great losse and hindrance: and  
 that diuers of the said Goods, Marchandizes and Commo-  
 dities are rated at too high and deere a rate, to the great pre-  
 iudice and burthen of the said Marchants, as well Subiects  
 as Strangers. And that diuers Goods, Wares, and Mar-  
 chandizes,

chandizes, both of those that are brought into this Realme,  
 and of those that are transported and carried forth of the  
 same, are not at all valued, priced or mentioned in the said  
 Booke: whereby the said Subsidie or Poundage, hath hi-  
 therto been rated onely by the othes of them to whom  
 the said Goods, Wares, and Marchandizes did belong.  
*We let you wit*, that for reformation thereof, and to the intent  
 that all and singular such Goods, Wares, Marchandizes and  
 Commodities as at any time hereafter shall be brought in-  
 to this our Realme, or transported and carried forth of the  
 same, shall and may, both for the true answering vnto vs of  
 the said Subsidie or Poundage, according to the true intent  
 of the said Statute, and for the ease of the said Marchants, be  
 reasonably and indifferently rated and valued: We haue of  
 late by our Commission vnder our great Seale of *England*,  
 caused inquirie and examination to be made, what reason-  
 able and indifferent values and prices, may, and ought, ac-  
 cording to the true meaning of the said Statute, be rated  
 and set vpon all and euery the said Goods, Wares and Mar-  
 chandizes, for the true answering vnto vs of such Poundage  
 and Subsidie, as by the said Statute, is and ought to be iustly  
 and truly paid vnto vs: and according to such report and  
 certificate as our Commissioners in that behalfe assigned  
 haue made vnto vs: We haue caused all the Goods and  
 Marchandizes chargeable, to and with the said Subsidie,  
 being either brought in, or transported out of this Realme,  
 together with the seuerall kindes, qualities, numbers,  
 waights, measures and contents of the same, and the values,  
 prices and rates thereof, found and certified to be reasonable  
 and indifferent for the purpose aforesaid, by our Commis-  
 sioners in this behalfe assigned, to be particularly entred and  
 expressed in this present Booke, containing in leaues written  
 on both sides, thirtie and seuen, to the intent we may be iust-  
 ly answered of the said Subsidies or Poundage, according  
 to the tenor of the Act of Parliament afore mentioned,  
*And whereas* also our said late deare Sister, Queene MARY,  
 finding the Custome and Subsidie of Woolles, being in  
 A 3 yearly

yearly Reuenue very great to diuers her noble Progeni-  
 tors, to be greatly decayed, because that lesse Wooll was  
 shipped and carried forth of the Realme, and much more  
 Wooll made into Clothes, and carried out of the same in  
 Cloth, by way of Marchandize, then before in the time of  
 her Progenitors had been vsed. And minding in reasonable  
 sort to maintaine the Customes, being the most auncient  
 and certaine Reuenue of her Crowne, did vpon deliberate  
 consideration, in recompence of part of the said great losse,  
 by aduice of her Counsell, asseſse vpon Clothes carried out  
 of this Realme by way of Marchandize, a certaine rate for  
 the Custome and Subsidie of them, as in a particular declara-  
 tion thereof, entred in the end of the said Booke, and signed  
 with our said Sister Queene MARYES hand, was, and is at  
 large contained. *We giue you further to vnderstand,* that by  
 aduice of our said Commissioners whom we assigned also  
 to consider of our seruice in this behalfe: We haue caused  
 the Rates asseſsed by our said Sister Queene MARY, for the  
 Custome and Subsidie of Clothes to be entred and expreſ-  
 sed in the end of this Booke: together with a declaration af-  
 ter what rate the seuerall kindes of Clothes therein expreſ-  
 sed, haue been and shall be charged with Custome and Sub-  
 sidie, according to the Rate asseſsed by our said late Sister  
 Queene MARY, and continued by our said late deare Sister  
 Queene ELIZABETH; which we doe hereby ratifie, ap-  
 prooue, and allow to haue continuance. Wherefore our  
 pleasure and commaundement is, that all our Customers or  
 Collectors of Customes or Subsidies within any Port, Ha-  
 uen, or Creeke, of this our Realme of *England*, and domi-  
 nion of *Wales*, for the time being, shall from and immedi-  
 atly after notice to them giuen of this our pleasure, leuie  
 and take vp to our vse the said Subsidie or Poundage of  
 twelue pence vpon the pound, and our Custome and Subsi-  
 die for the Clothes, Kerseys, and other Draperies, according  
 to the prices, values, and rates, mentioned and expreſsed in  
 this Booke, and not otherwise, as they and every of them will  
 anſwere vnto vs for the contrarie at their perils. Willing fur-

ther and commaunding the Treasurer and Barons of our Exchequer, and the Comptrollers and Surueyours for the time being, within any our Hauen, Port, or Creeke of this our Realme, and euery of them to charge the said Collectors and Customers, and euery of them to see vs duely answered of the Customes and Subsidies afore said, according to the values, prices, and rates mentioned in this Booke, and none otherwise. Prouided alwaies, and our will is, that if at any time hereafter it shall plainly appeare vnto our Treasurer and Barons of our said Court for the time being, that the Rate, value, kinde, name, length, or content of any Wares or Marchandizes mentioned in this Booke, be miswritten or mistaken in the said Booke, contrarie to the trueth and our very meaning; then they may and shall reforme the same according to the truth and true meaning by vertue hereof. And to the intent this order may take due execution thorowout this our Realme of *England* and dominion of *Wales*: We will that the Treasurer and Barons of our said Court, shall cause to be deliuered to the Customer or Collector, Comptroller and Surueior of euery our Port, Hauen or Creeke within this our Realme of *England*, and dominion of *Wales*, a perfect duplicament or exemplification of this Booke vnder our Scale of Exchequer, to remaine in the seuerall Custome-houses with our Officers there for the time being, thereby to leuie and answer to vs the said Customes and Subsidies accordingly. And these shall be to them and euery of them a sufficient warrant and discharge in that behalfe. James R.

AMES by the  
Grace of God, King  
of England, Scotland,  
France, and Ireland,  
Defender of the faith,  
&c. To our right trustie  
and right well beloued  
Cosin and Counsellor,  
ROBERT Earle of Sa-  
lisbury, our High Trea-  
surer of England: Gree-  
ting.

Whereas by our Letters Patents under our great Seale of En-  
gland, directed vnto you, bearing date the eight and twentieth  
day of Iuly, in the sixth yeere of our Raigne of England, France  
and Ireland, and of Scotland the one and fortieth, for the causes  
and considerations in the said Letters Patents expressed, and for  
diuers other good causes to vs and our Counsell well knowne: We  
did for vs, our heires and successors, appoint, ordaine, and com-  
mand, that from and after the nine and twentieth day of Septem-  
ber then next ensuing after the date of the said Letters Patents,  
there should be leuied, taken, and receiued, by way of Imposition  
then newly set, ouer and besides the Customes, Subsidies, and other  
duties formerly due and payable vnto vs, vpon all marchandizes  
of whatsoener kinde, nature or qualittie, which from and after the  
said nine and twentieth day of September, should either be brought  
from any parts beyond the seas into this our Realme of England,  
B dominion

dominion of Wales, and Port or towne of Barwick, or into any of them, or which should be transported and carried forth of this our Realme of England, dominion of Wales, and towne or Port of Barwick, or out of any of them, to any forraigne parts, by any person or persons whatsoever, as well our naturall borne subiects, as Denizons and strangers, equally so much for the said new Imposition, as had been formerly answered and paid vnto vs, for Subsidie of the said Marchandizes, and neither more nor lesse, excepting such Marchandizes only, as in a Scedule annexed vnto the said Letters Patents, were either to be altogether free from paiement of any of the said new Impositions, or else were appointed to pay the same in such other proportions, as in the said Scedule was expressed.

And although wee had such great care and respect in the laying of the said Impositions, to auoid the least inconuenience that might thereby arise to our people or subiects: as that we not only directed diuers of our Counsell to conferre with the principall Marchants of our kingdome, for the more orderly laying and leuying of the same, but also gaue speciall charge and commandement to exempt and forbear all such Marchandizes Inwards, as were either requisite for the foode and sustenance of our people (as Wheate, Rye, Barly, Mault, Oates, Beanes, Pease, Butter, Cheefe, Lings, Codfish, Colfish, Herrings, Sprouts, Hadocks, Newlandfish, all sort of Salts, and all sorts of fowles) or which concerne matter of Munition necessarie for the defence and maintenance of our kingdomes (as Cables, Halsers, and all sorts of Cordage, Masts, Oares, Pitch, Tarre, Traine oyle, Pipe boards, Barrell boards, Bow-staues, Pikes, Halberds, Muskets, Calliwers, Corslets, Curats, Head-pees, Murrians, Harnesse plates, Flaskes, Touch-boxes, Match, Gunpowder, Saltpeter, Horses and Mares) or such as were passable commodities, which serue for maintenance of trade and Nauigation, being Marchandizes not vsually vented and spent within the kingdome, but brought in with purpose to be transported out againe (as Wax, Caiare, Muscouie hides, and Tallow, Barbarie hides, Guinia and India hides, and Goate skinnes) or such Marchandizes as serue for the setting the people of our kingdome on worke (as Cotton wooll, Cotton yearne, raw Silke, and rough Hempe) or such

such as serue for the enriching of our kingdome (as Gold and Siluer in bullion or plate, and all sorts of Iewels and Pearles) or such Marchandizes as were ouerualued in our booke of Rates for Subsidie, (as Leuant Taffaties, China Taffaties, China Sattens, Gold and Siluer threed, Bustians, Brizell Ticks, vnwatred Chamblets, Dozen Corke, Bomespars, Cantspars, Caprauens, Barlings, Firpoles, Firbaulkes, Nest-boxes, blacke Conyskinnes, Haire-buttons, greene Copperas, Oker and red earth.

Yet notwithstanding all our said care, (by reason of the generall and large extent of some words in our said Letters Patents) some commodities were made liable to the said Impositions, which were found to be very inconuenient and burthensome; in regard whereof, diuers of our Subiects became petitioners, to haue them freed from paiement of the said Impositions. Now to the end that it may appeare how readie we haue been, and euer will be, not only to hearken to the complaints of our louing Subiects, but also to giue them such satisfaction, as shall be answerable to their reasonable and iust requests: We haue therefore by sundrie of our priuie Seales heretofore directed vnto you, not only abated the Impositions vpon diuers commodities imported, (which were thought to be charged ouer high) (as Vitterie Canuas, Muscauados Sugar, and all sorts of Reifins;) but also cleerely acquitted and freed diuers other commodities both imported and exported, (which were thought unfit to be charged,) from paiement of any manner of the Impositions, which by our said Letters Patents were laid vpon them; as all sorts of Deale-boards, Clapboards, rough Flax, Rice, Iron, Irish yearne, and Geneua Veluets, (being Marchandizes imported) And likewise all sorts of graine, (when it may lawfully be transported) and all the Manufactures of this kingdome, (excepting only Bayes and Pewter) being Marchandizes exported.

And although we haue thus farre giuen way vnto their desires, and yeelded to their request; yet some of those whom reason cannot satisfie, are apt to continue their complaints for further fauour and ease in this matter. That it may further appeare that none shall be more readie to discover any inconuenience then wee will be to re-

forme it, or to make any humble or honest complaint then we shal  
 heare and ease them: we are pleased, and doe by these presents for  
 vs, our heires and successors, will and command, that from and af-  
 ter the feast of S. Michael the Archangel now next ensuing the  
 date hereof, no manner of Impositions shall be required or paid by  
 force of the Letters Patents before mentioned, upon any Marchan-  
 dizes which shall be shipped and transported out of this our king-  
 dome, of what kinde or nature soeuer, excepting only upon Bayes,  
 Lead, Tinne and Pewter: and of Bayes also, we haue (by our  
 priue Seale already directed vnto you) given order that the  
 single Bayes of Barstable in our Countie of Deuon, shall be like-  
 wise freed from paiement of any Imposit, and so our pleasure is they  
 shall stand. But concerning the Marchandizes which are brought  
 into this our kingdome, forasmuch as they are of diuers kinds and  
 natures, some being manufactures of other nations, which if they  
 were brought in unwrought in their simple materials, the people of  
 our kingdome might thereby be set on worke, others being such  
 Marchandizes as are rather tending to superfluitie, then for the  
 necessarie use of our subiects, or anywaies for the enriching of our  
 kingdomes: and others are so much undervalued in our Rates for  
 Subsidie, as we are thereby much shortned of that which is due vnto  
 vs by our lawes: Therefore although wee haue been pleased to  
 acquit and free all the aforementioned commodities Inwards and  
 Outwards, as aforesaid: and are now also further resolved to abate  
 and lessen the Impositions of some commodities, and to acquit and  
 free diuers other commodities Inwards; yet are wee neither so im-  
 prouident of the good estate of our subiects, nor so insensible of our  
 owne losse, as to free all the commodities of these kinds and na-  
 tures from paiement of the Impositions already set and imposed  
 upon them. For, if it be agreeable to the rule of nature to preferre  
 our owne people before strangers, then is it much more reasonable  
 that the manufactures of other nations should be charged with im-  
 positions, then that the people of our owne kingdome should not be  
 set on worke, and that vaine, unprofitable and unnecessarie Mar-  
 chandizes should by impositions be kept out of our kingdome; then  
 that the good, substantiall and stable commodities of our owne na-  
 tion should be giuen for them, whereby our people are much decei-  
 ued,

Therefore our will and pleasure is, and we doe by these presents giue authoritie and power, and also charge and command you, that forthwith vpon the receipt hereof you giue order, direction and commandement, that our booke of Rates for our Customes, Subsidies and Impositions be presently reprinted: And that in the said booke of Rates Inwards these Marchandizes here expressed doe still remaine and stand charged with the Impositions, which by our aforesaid Letters Patents were set vpon them, viz. And for the better maintenance of Trade and Commerce in all forraigne Commodities, wee are further pleased, that euery Merchant naturally borne subiect, Denizon or Stranger, which shall shippe and transport to the parts beyond the Seas, either by Cocquet as Marchandizes paying Subsidie, or by Certificate as Marchandizes freed from paiement of Subsidie, by vertue of our Letters of Priuie Seale, bearing date the foure and twentieth day of September, in the second yeere of our raigne of England, France, and Ireland, &c. any forraigne Commodities, which haue forme lie been brought into our said Realme and Dominions, and the Impost set

set and due for the same, being first paid and answered Inwards, either by himselfe, or any other Marchant, he shall haue repaid unto him by the Collector of the said Impost Inwards, all such summe and summes of money, as were formerly paid for the Impost of the said Marchandizes, at or before the first landing of the same, upon due prooffe first made, by the said Marchant by himselfe or others, both of the true paiement of the said Imposts Inwards, and also of the true shipping and transporting of the said Marchandizes Outwards: which prooffe shall be made in manner and forme following, that is to say: Euery Marchant and other person or persons so shipping forth any forraigne Commodities, whereof the Impost hath been first paid Inwards, shall bring to the Collector of the Subsidie Outwards, a Certificate from the Officers Inwards, who doe usually make such Certificates, expressing both the quantitie and qualitie of the said Goods, and also the day and time when the said Imposition was paid or compounded for Inwards, with the name or names of the Marchants that paid or compounded for the same: upon which Certificate, the said Collector, his Comptroller or Surveyor, shall take the oath of the Marchant owner thereof, if he be within the Realme, or if he be out of the Realme, then the oath of his knowne Factor, that all the Goods mentioned and contained in the said Certificate are forraigne Commodities, and no native Commodities of this Realme, and that the said Imposition due for the same was truly answered, paid, or compounded for Inwards, at, or before the first landing thereof. But if the Marchant or Factor cannot so take his oath, because the said Goods were not first brought in, nor the Impositions due for the same first paid by him: then hee shall procure the Marchant who first brought in the said Goods, and paid the Impositions for the same, to make prooffe thereof to the said Collector, his Comptroller or Surveyor by his oath, as aforesaid, if he be within the Realme, or by the oath of his knowne Factor, if he be out of the Kingdome, or shall make such other prooffe for the preuention of fraudulent practises, as to all the aforesaid Officers shall seeme reasonable & conuenient, upon which proof or proofs so made respectiue, as aforesaid, by the said Marchant or Marchants, the said Collector Outwards, his Comptroller and Surveyor, or any two of them, whereof the Collector to be alwaies one,

shall make certificate to the Collector of the said Impost Inwards, expressing the day of the Entrie, the Marchants name, the quantitie and qualitie of the Goods, the Shippe and Masters name, where in the said Goods shall be shipped, and also for what Countrey they are to be transported. And the Searcher also shall certifie vnder the said Certificate, that all the said Goods were shipped, and that hee was present at the shipping of them, and thereunto shall subscribe his name, and the Marchant owner thereof, if he be within the Realme, or if not, his knowne Factor shall bring the said Certificate to the Collector of the said Impositions Inwards: whereupon he shall receiue of the said Collector Inwards, all such summe and summes of money, as shall be so proued to haue been formerly paid for the Imposition of the said Marchandizes, as aforesaid. And euery of our said Collectors of our said Impositions Inwards, shall from time to time haue allowed and defalked vnto him or them, in the passing and determining of his or their accounts, for the said Impositions, all such summe and summes of money, as shall appeare by the said Certificates to haue been by any of them so repaid againe to any Marchant, or other person, for Goods and Marchandizes so shipped and transported out of our Realme or Dominions, as aforesaid: but no allowance or repaiment of any summe of money, receiued for the Impost of any kindes of Wines, shall be made and defalked, as aforesaid.

And whereas an Impost of tenne shillings of lawfull money of England was heretofore by other our Letters Patents vnder our great Seale of England, bearing date the first day of Iuly in the sixt yeere of our Raigne of England, France and Ireland, and of Scotland the one and fortieth, by vs commanded to be leuied vpon euery hundred waight of Logwood, Blockwood, Campechia wood, S. Martins wood, French Brafill, and all other such like false and deceiueable dying woods, by which our Letters Patents wee did in no sort tolerate the bringing in or vse of any of the said woods within our kingdome, nor dispense with any of the penalties which the lawes of this Realme did and doe inflict vpon such persons as bring in or vse the same: but only in regard that the said lawes were not put in due execution, did intend by lenying of the said Impost, so much the better to suppressse and hinder both the

bringing in and use thereof within this Realme in such great abundance, as had been formerly and then was accustomed. For so much as we are informed that by the ouer great and plentifull use of the said woods in dying, the Cloathes and other woollen Commodities and Manufactures of this Realme, are disgraced in forraigne parts, and that our people and subiects at home may be much hindred and deceined in the use and wearing of the said Cloathes and woollen Commodities, by reason of the false dyes and deceineable colours set vpon the same. And for that it shall appeare that such and so great hath been, and shall alwaies be our care, for the aduancement of the goodnesse and worth of the native and staple Commodities of this our kingdome, and of the credit and estimation of them in forraigne Countries, that wee desire not to make any profit (what euer it hath or might be) to vs, which may giue any cause or colour to tolerate any thing that shall tend to the hindrance of our louing subiects at home, or the disgrace of the staple Commodities of our kingdome in forraigne Countries. We are therefore also pleased, and doe for vs, our heires and successors, *Henr. 8. Smee* charge and command, that from and after the said feast of S. Michael the Archangel next ensuing, all our power, commandements, *Reueres* and authoritie by our said Letters Patents ginen and granted for the leuying of the said Imposition of tenne shillings vpon euerie hundred-waight of the said deceineable dying woods, aforementioned, shall be by vertue hereof reuoked and recalled, and the said Imposition formerly set vpon the same wholly and absolutely released and taken away: and also that you our said Treasurer doe cause present order to bee taken with all and singuler the Officers of all and euery the Ports of this kingdome, and the Farmers of our Customs within the same, that none of them, nor any of their Deputies or Clerkes, doe, from, and after the said feast of S. Michael the Archangel now next ensuing, presume to take or make entrie or entries of any of the said false and deceineable dying woods in any of their Custome bookes, or otherwise, suffer the same woods, or any of them to be laid on land, but that vpon the landing of them, they and euery of them, and also all Magistrates and other our Officers, ministers and subiects whatsoener, and all and euery of them whom it shall concerne, shall and doe see and immediatly take strait order,

der, that all and euery parcell and parcels of the said deceineable dying woods, which by any meanes shall happen to be brought into any part of this our kingdome, in greater or lesser quantities, bee burned, according to the law in that case provided: and also that all and euery the penalie and penalties of the said law be duly inflicted, without fauour, affection or delay, vpon all and euery person and persons who shall bring in, or cause to be brought in, worke, or cause to be wrought or vsed any of the said deceineable dying woods within the same our Realme or Dominions, or any part thereof. And that you our said Treasurer doe giue especiall charge that this course be duly obserued, vntill some other more strict and forcible order shall be taken, by some other new law to be thought vpon and provided (which we expect will be at the next Session of our Parliament) as shall seeme fit and conuenient in this behalfe.

And for the better incouragement of Marchants in their trades of marchandizing, we are further pleased that euery Marchant, whether he be naturall borne subiect, Denizen or Stranger, that shall enter any Marchandizes Inwards in any our Ports wheresoeuer, shall haue allowed vnto him in his said entrie all such allowance and allowances of fine in the hundred, or otherwise, in the said Impositions, as haue been formerly made and allowed by the Farmers of our Customes and Subsidies in our Port of London, and as in a Table of Fees hanging in the Custome house of the said Port shall be expressed. And we are also further pleased, that all such fees and duties as haue been, and now are by the Marchants paid vnto our Officers, shall still be continued vnto them.

And these our Letters Patents, or the inrolement or exemplification thereof, shall be as well vnto you our Treasurer of England, as to other our Officers and Ministers, or other persons to whom it shall appertaine, and to euery of them a sufficient warrant and discharge for the doing and performing of all and singuler the premises, according to our true intent and meaning in and by these presents mentioned and expressed. In witnesse whereof we haue caused these our Letters to be made Patents. Witnesse our selfe at Westminster the fifth day of September, in the eighth yeere of our Raigne of England, France and Ireland, and of Scotland the foure and fortieth.
